Your Birth Place, your choice, your way.....

South Florida's unique and modern state-of-the-art Birth Center

At **Maternity Options of Miami** we're focused on welcoming you and your family to a mother-friendly environment in which we believe every mother has the right to choose her birth experience so it is distinctive and personalized.

Our Mission and Philosophy

Our mission is for you to have a beautiful, comfortable, natural pregnancy and birth. Our purpose is to offer women enhanced maternity care. We believe in providing you the choice for your birth, your way. Keep in mind, our philosophy is different here at Maternity Options of Miami. You have choices in all aspects of your pregnancy, labor and delivery, so that your birth experience is exclusively your plan.

You decide who and how many family members or friends you want to invite to share your birth experience. You may choose the privacy of just you and your partner, or you may include other family members and friends, including children.

We have provided the best in prenatal, birth, and postnatal care for mothers for over 25 years.

Our midwives at **Maternity Options of Miami** are special and unique in their balanced approach to the services they provide. Using both their hospital and out-of-hospital experience, our midwives combine the best of modern medicine with the best of natural alternative approaches to give you truly holistic care.

When supportive measures or treatments become necessary, they will work to find the most effective remedy or medication for you, which, depending on your situation, may include pharmaceutical drugs as well as herbal or homeopathic remedies.
